ÖNSÖZ

Bolu Uluslararası Poster Tasarım Yarışması, dünyanın farklı coğrafyalarından tasarımcıları küresel sorunlar üzerine düşünmeye, yaratıcı çözümler geliştirmeye ve toplumsal farkındalık oluşturmaya davet eden, kâr amacı gütmeyen uluslararası bir etkinliktir. Bolu Abant İzzet Baysal Üniversitesi Güzel Sanatlar Fakültesi Grafik Sanatlar Bölümü tarafından yedinci kez düzenlenen yarışma, ulusal ve uluslararası paydaşların katkılarıyla tasarımın evrensel iletişim gücünü geniş kitlelere ulaştırmaya devam etmektedir.

Bu yılın teması, Ufukların Ötesinde: Sürdürülebilir Bir Gelecek Tasarlamak olarak belirlenmiştir. Sürdürülebilir Kalkınma Amaçları çerçevesinde şekillendirilen tema; tasarımcıları düşünce, teknoloji ve toplumsal yaşamın mevcut sınırlarının ötesine geçerek daha sürdürülebilir bir geleceğe ilişkin yenilikçi bakış açıları geliştirmeye davet etmektedir.

Bu yıl yarışmaya 60 farklı ülkeden toplam 3.892 poster tasarımı ile başvuru yapılmıştır. Elde edilen bu katılım, yarışmanın uluslararası görünürlüğünün ve tasarımcılar arasındaki etkileşim gücünün giderek arttığını ortaya koymaktadır. Yarışma, tasarımın toplumsal sorumluluk ve sürdürülebilir kalkınma alanlarındaki etkisini görünür kılarken farklı ülkelerden tasarımcıların ortak bir gelecek vizyonu etrafında buluşmasına katkı sunmaktadır. BIAH ekibi olarak, gelecek yıllarda da tasarımın dönüştürücü gücünü destekleyen, uluslararası iş birliğini geliştiren ve sürdürülebilir bir geleceğe yönelik farkındalığı güçlendiren etkinlikler düzenlemeyi amaçlıyoruz.

FOREWORD

The Bolu International Poster Design Competition is a non-profit international event that invites designers from around the world to reflect on global challenges, develop creative solutions, and raise social awareness. Organized for the seventh time by the Department of Graphic Arts at the Faculty of Fine Arts, Bolu Abant İzzet Baysal University, the competition continues to bring the universal power of visual communication to wider audiences with the support of national and international partners.

This year's theme has been designated as "Beyond Horizons: Designing a Sustainable Future." Inspired by the Sustainable Development Goals, the theme invites designers to move beyond existing boundaries of thought, technology, and social life and develop innovative perspectives on a more sustainable future.

This year, the competition received a total of 3,892 poster design submissions from 60 countries. This level of participation reflects the competition's growing international visibility and its increasing ability to foster interaction among designers. The competition highlights the impact of design in the fields of social responsibility and sustainable development while bringing together designers from different countries around a shared vision for the future.

As the BIAH team, we aim to continue organizing events in the coming years that support the transformative power of design, strengthen international collaboration, and raise awareness of a sustainable future.

Assoc. Prof. Dr. Orhun TÜRKER
Organization Executive / BAİBU

HAKKIDNA

Katılımcılar, "Ufukların Ötesinde: Sürdürülebilir Bir Gelecek Tasarlamak" teması çerçevesinde hazırladıkları özgün poster tasarımlarıyla, sürdürülebilir kalkınmanın çevresel, ekonomik, teknolojik ve toplumsal boyutlarını ele almış; geleceğe yönelik yenilikçi düşünceleri, eleştirel yaklaşımları ve yaratıcı çözüm önerilerini güçlü görsel anlatımlara dönüştürmüşlerdir. Her bir çalışma, tasarımın iletişim gücünden yararlanarak izleyicileri mevcut sorunlar üzerine düşünmeye ve sürdürülebilir bir geleceğin inşasında bireysel ve toplumsal sorumlulukları yeniden değerlendirmeye davet etmiştir.

Farklı coğrafyalardan gelen çalışmalar, ortak küresel sorunların çeşitli kültürel perspektiflerden yorumlanmasına olanak tanımış; tasarım aracılığıyla geleceğe ilişkin düşüncelerin ve çözüm önerilerinin paylaşılabileceği uluslararası bir etkileşim ortamı oluşturmuştur.

Bolu Uluslararası Poster Tasarım Yarışması, yedinci yılında da sanatın birleştirici gücünü ve görsel iletişim tasarımının toplumsal dönüşümdeki rolünü görünür kılmaya devam etmektedir. Sürdürülebilir Kalkınma Amaçlarından hareketle şekillenen bu yılın teması, tasarımcıları alışılmış düşünce kalıplarının ötesine geçmeye, yenilikçi yaklaşımlar geliştirmeye ve daha yaşanabilir bir dünyanın olanaklarını görsel bir dille sorgulamaya yönlendirmiştir. Farklı kültürlerden tasarımcıların katkılarıyla gelişen bu uluslararası platform, sürdürülebilir bir gelecek için ortak düşünce ve sorumluluk bilincinin güçlendirilmesine katkı sunmaktadır.

ABOUT

Under the theme "Beyond Horizons: Designing a Sustainable Future," participants explored the environmental, economic, technological, and social dimensions of sustainable development through original poster designs. Their works transformed innovative ideas, critical perspectives, and creative solutions into powerful visual narratives, encouraging audiences to reflect on global challenges and reconsider their responsibilities in shaping a sustainable future.

The diversity of submissions from different parts of the world highlighted the creativity and sensitivity of designers toward sustainability. By bringing together various cultural perspectives, the competition provided an international platform for exchanging ideas, raising awareness, and exploring new possibilities through the universal language of visual communication.

In its seventh edition, the Bolu International Poster Design Competition continues to demonstrate the unifying power of art and the significant role of design in social transformation. Inspired by the Sustainable Development Goals, this year's theme encouraged designers to challenge conventional thinking, embrace innovation, and envision a more sustainable and inclusive world. As the BIAH team, we are pleased with the international participation in this year's competition and remain committed to promoting social awareness through the transformative power of art and design. We sincerely thank everyone who participated in, supported, and followed the competition, and warmly congratulate the award winners and designers whose works were selected for exhibition.
